PROFESSIONAL SUMMARY

.NET Full Stack Developer with over 6.5 years of experience designing, developing, and maintaining enterprise-grade web applications. Specializes in building scalable backend services using **C#, ASP.NET Core, and RESTful APIs**, paired with responsive frontend architectures using **Angular, React.js, HTML5, and CSS3**. Demonstrated expertise in **SQL** Server database optimization, microservices architecture, and integrating modern AI APIs (OpenAI, Gemini) to deliver high-performance, automated business solutions.

TECHNICAL SKILLS

- Backend Technologies:** C#, .NET Core, ASP.NET Core Web API, ASP.NET MVC, Microservices, RESTful APIs, LINQ, Entity Framework
- Frontend Technologies:** Angular 14+, React.js, HTML5, CSS3, JavaScript, jQuery, Bootstrap
- Databases:** Microsoft SQL Server (SQL, Stored Procedures, Optimization), MySQL
- Cloud & DevOps:** Azure DevOps (CI/CD Pipelines, Repos, Test Plans), Git, GitHub, TFS, Agile (Scrum)
- AI Integrations:** Azure OpenAI API, Google Gemini 1.5 Pro API, GitHub Copilot

PROFESSIONAL EXPERIENCE

Fujitsu | Associate Application Developer (.NET Developer)
May 2023 - Present | Pune, India

- Engineered a scalable Microservices-based web application (**Enterprise Automated Configuration Platform**) using **.NET Core Web API and React.js** to streamline hardware selection and architecture configuration.
- Designed and implemented an AI-powered file comparison platform utilizing **GPT-4 and Gemini Pro APIs** for intelligent content analysis and automated QA validation across PDF, Excel, JSON, and CSV formats.
- Developed an enterprise ERP solution (**Automobile ERP Solution System**) using **ASP.NET MVC and .NET Core Web API** to automate inventory management, order processing, and employee operations.
- Optimized SQL Server databases by developing schema objects, stored procedures, and complex queries, significantly improving data processing performance.
- Implemented continuous integration and continuous deployment (CI/CD) pipelines using **Azure DevOps** for automated source control and production deployments.

Tata Consultancy Services (TCS) | Assistant System Analyst (.NET Developer)
May 2022 - April 2023 | Pune, India

- Designed and developed secure, scalable web applications using **.NET Core Web API, C#, and SQL Server**.
- Created and maintained relational databases, implementing robust stored procedures and triggers to enforce data integrity.
- Implemented client-side features and responsive UI components using JavaScript and modern web technologies based on comprehensive business requirements.
- Executed module-level integration and performed end-to-end system testing in an Agile development cycle.

JRK Infotech | Microsoft Dot NET Developer
December 2021 - April 2022 | Mumbai, India

- Built and maintained **.NET Core**-based web applications backed by RESTful APIs and SQL Server databases.
- Conducted database modelling, indexing, and advanced query optimization to enhance application performance.
- Aligned frontend features with corporate standards and specific client requirements.
- Conducted integration and unit testing for deployed modules, ensuring high availability and reliability.

CDAC | Project Associate (Software Engineer)
January 2020 - December 2021 | Pune, India

- Developed a centralized web application (**Website Maintenance and Examination Management System**) using **ASP.NET Web Forms and C#** to manage online examination processes and website administration.
- Built critical examination workflows including automated student registration, payment processing, city allocation, and admit card generation.
- Engineered dynamic front-end pages using JavaScript, AJAX, HTML, and CSS.
- Designed and optimized SQL Server database objects to securely handle large volumes of student transaction data.

EDUCATION

- **Post Graduate Diploma in Advanced Computing (PG-DAC)**
Centre for Development of Advanced Computing (CDAC), Pune | 2019
- **Master of Business Administration (MBA) in Operations Management**
AISSMS Institute of Management, Pune | 2019
- **Bachelor of Engineering (B.E.) in Electrical Engineering**
JSPM College of Engineering, Hadapsar, Pune | 2016
